STAMINA[®] EXPRESS

DUAL-ACTION THATCH & SOIL PENETRANT

**ACTIVE INGREDIENTS:
40% BLEND OF PROPRIETARY SURFACTANTS, 60% INERT INGREDIENT**

Stamina[®] Express is a dual action thatch and soil penetrant. Fast penetration ensures optimal water use limiting the amount lost through evaporation and run off. An added component has the ability to allow hydrophobic soils to be re-wet, and dry patch to be prevented.

Nuturf is a division of Australian

DIRECTIONS FOR USE

Stamina® Express is ideally applied each time that water is applied onto the turf surface. Minimum applications are required on a monthly applications basis.

TANK MIX FLEXIBILITY

Tank mix combinations with Stamina® Express have not been tested on all varieties under all possible growing conditions. If the user is unsure a limited area should be tested and reasonable judgement and caution should be exercised. A jar test is recommended prior to broad scale use.

APPLICATION RATES

Situation	Rate	Rate/Ha	Comments
Injection (Fairways and Sportsfields)	20-50mL /100m ²	2-5L	To ensure optimal water usage, apply Stamina® Express monthly or as necessary. The greater the frequency of application the greater the water use efficiency.
Boom Spray	50mL /100m ²	5L	Apply in no less than 400L/ha of water. Irrigation is not critical but is recommended to ensure product effectiveness. Repeat treatments at the desired application frequency.
Pesticide and Fertiliser Placement	20-50mL /100m ²	2-5L	To ensure optimal placement of soil targeted pesticides and fertilisers tank mix Stamina® Express. Irrigation is not critical but is recommended to ensure product effectiveness.
Domestic Gardens (Lawns & Garden Beds)	5mL/10L		Sufficient to drench area of up to 5m ² . Water in well after application. Apply as necessary
Horticulture (General Use)	50mL/100L		Apply around base of plants or tree and water in well after application. Apply as necessary.

STORAGE AND DISPOSAL

Store in original containers and dispose of empty containers in accordance with local law.

PRECAUTIONARY STATEMENTS

Always consult the Material Safety Data sheet (MSDS) for specific instructions. Keep out of reach of children. Users are cautioned to take reasonable safety precautions when handling and applying this product.

FIRST AID

Eye Contact: DO NOT rub eyes. Immediately flush eyes with water. Seek medical attention if necessary.

Skin Contact: Remove contaminated clothing and immediately wash affected area for at least 5 minutes. If redness or irritation persists, seek medical attention as needed.

If Swallowed: Give large amounts of water
