

Turf Seed

RANGE

STRIKER SEED RANGE

Striker Gold		SIZE	RATE 100m ²
Premium sports surfaces	An elite blend of ryegrasses containing 3 of the best: Premier II, Derby Xtreme and Barlennium ryes. Backed up by independent ANTEP results! Australia's # 1 sports ground ryegrass blend. Striker Gold has a beautiful dark green colour, fast establishment and excellent wear tolerance.	25kg	3-5kg
Striker BF 1000		SIZE	RATE 100m ²
Sports fields	A blend of wear tolerant Stallion Supreme fine-leaf ryegrass. Ideal for repairing council sportsfields at an economical price with excellent results.	25kg	3-5kg
Striker GP 2000		SIZE	RATE 100m ²
Sports fields, passive recreation	An economical blend of ryegrasses that will provide winter growth in combination with high wear tolerance. Ideal when the need for quick establishment is paramount.	25kg	3-5kg
Striker SOS		SIZE	RATE 100m ²
Sports fields and tees	Striker SOS (Super Over Seeder) is a unique blend that contains Panterra Turf Annual ryegrass and our leading turf perennial ryegrasses. Striker SOS will provide an extremely fast germinating, quality, dense turf with good wear tolerance and vigour during the winter period.	25kg	3-5kg
Striker One Putt		SIZE	RATE 100m ²
Greens	Striker One Putt is a Bariviera poa trivialis blend suited for overseeding dormant couch for winter colour and wear. Bariviera Poa Trivialis is a medium dark green, with very fine leaf texture. Bariviera has excellent turf density, and coupled with a more upright growth habit, makes an excellent putting surface.	25kg	4-6kg
Striker Fine Tee		SIZE	RATE 100m ²
Golf course surrounds, tees and fairways	Striker Fine Tee is an equal proportion blend of Bridgeport II Chewings fescue and Bargena III Creeping Red fescue. This fine fescue blend exhibits a very fine texture turf with high shoot density, uniformity and quality.	25kg	2-3kg
Striker Emerald		SIZE	RATE 100m ²
Tees, surrounds, feature lawns	Contains Premier II and Barlennium ryes as well as Creeping Red fescue. Rapid germinator with shade tolerance.	25kg	3-5kg
Striker Enviro		SIZE	RATE 100m ²
Golf roughs, low maintenance areas	The latest in low maintenance fine fescue cultivars with high drought tolerance. Minimal mowing required. Contains Sheep fescue, Hardtop hard fescue as well as Creeping Red fescue.	25kg	1-2kg

I STRIKER SEED RANGE – continued

Striker Quartz		SIZE	RATE 100m ²
Low water areas	A mix of tall fescue and Perennial rye designed for tough, dry conditions.	25kg	3-5kg
Striker Trifecta		SIZE	RATE 100m ²
Ryegrasses Racetracks	Trifecta blend is a 3 way perennial ryegrass blend containing 3 of the best perennials, Impact 'stoloniferous' ryegrass, Meridian ryegrass and Victorian perennial ryegrass.	25kg	3-4kg
Striker Top Track Annual		SIZE	RATE 100m ²
Kikuyu Racetracks	Striker Top Track Annual is a blend of 2 annual ryegrasses, T-Rex and Griffin – specifically designed for kikuyu racetrack oversewing.	25kg	2-3kg

I SEED – RYEGRASSES

RPR™ – Regenerating Perennial Ryegrass		SIZE	RATE 100m ²
	RPR™ recognized as the first truly unique perennial ryegrass since 1836 – placed in category all on its own. Innovative regenerating perennial ryegrass (RPR™) has a creeping growth habit that makes the turf absolutely wear like iron! RPR™ was also bred in a harsh climate to withstand severe drought very well.	22.68kg	3-5kg
Premier II		SIZE	RATE 100m ²
	Premier II is a versatile grass with excellent dark green color and a very fine leaf blade. It forms a very dense wear tolerant turf and displays great adaptability to a wide range of soil conditions. Consistently rates high in turf quality, disease resistance, density, color and low mowing adaptability.	22.68kg	3-5kg
Derby Xtreme		SIZE	RATE 100m ²
	Derby Xtreme is an elite fine leaf perennial ryegrass, with excellent density. Based on the latest ANTEP data 2007 & 2008, this study showed Derby Xtreme to be in the top 2 for overall colour.	25kg	3-5kg
Turf Annual Ryegrass		SIZE	RATE 100m ²
	Panterra was the first, true turf-type annual ryegrass ever developed. Panterra overseeding ryegrass is economical and allows for easy transition. Developed specifically for winter overseeding, germinating quicker and at lower temperatures than perennial ryegrass.	22.68kg	2-4kg

I SEED – BENT GRASSES

Penn G2		SIZE	RATE 100m ²
	Penn G2 Bent grass is one of the most used “New Generation” bent grasses in Australia. Penn G2 is the ideal choice for golf greens where traffic is heavy and environmental stresses present a challenge. Exceptional putting surface.	11.34kg	0.7-1kg
Authority		SIZE	RATE 100m ²
	Authority bent is a newly released bentgrass that has outperformed other bentgrasses in recent AGCSA Australian trials. Authority has improved density and upright growth habit for better ball roll along with better disease tolerances compared to other new release bents.	11.34kg	0.7-1kg
Penn A1		SIZE	RATE 100m ²
	Penn A1 is a dark green, fine leaf, tremendous heat and cold tolerant creeping bentgrass, making it suitable for a wide range of Australian climates. It’s very high density, winter colour and superior disease resistance provides a superb putting surface.	11.34kg	0.7-1kg
Penn A-4		SIZE	RATE 100m ²
	Penn A-4 is dark green with fine leaf texture, exceptional heat and cold tolerance, high density, disease resistance, and aggressive growth habit. It provides a smooth grainless putting surface.	11.34kg	0.7-1kg

I SEED – COUCH GRASSES

Riviera		SIZE	RATE 100m ²
	Riviera is a high end dense fineleaf couch. Riviera has superior turf quality, excellent winter hardiness, drought tolerance, good spring green up and colour.	11.34kg	0.5-1kg
Transcontinental		SIZE	RATE 100m ²
	Transcontinental represents a new generation of improved turf quality, colour and performance. With improved cold tolerance for winter survival. Transcontinental has been used in ACT in a full golf course fairway conversion (Gold Creek) with great success!	11.34kg	1kg

I SEED – POA TRIVIALIS

Bariviera		SIZE	RATE 100m ²
	This number 1 rated Poa trivialis mixes well with other species and is ideal for transitional oversowing. Strong seedling vigor. Low vertical growth for consistent ball roll. Performs well in the shade.	22.68kg	5-7kg

I SEED – FINE FESCUES

Barcrown II Slender Creeping Red Fescue		SIZE	RATE 100m ²
	Known for its fine textured leaf, low maintenance qualities, high shoot density, uniformity and quality. Barcrown II tops all other varieties in the NTEP trials for low mowing and quick recovery.	22.68kg	2-3kg
Bridgeport II Chewings Fescue		SIZE	RATE 100m ²
	Bridgeport II exhibits high shoot density and is able to withstand very close mowing. Bridgeport II is ideal for greens, approaches, tees, fairways and roughs. Dark in color and blends very well with the other fine fescues. It is one of the highest overall rated chewings fescue for turf quality in recent USA NTEP trials.	22.68kg	2-3kg
Hardtop Hard Fescue		SIZE	RATE 100m ²
	Ranked #4 in NTEP data Hardtop is a highly ranked hard fescue, with outstanding features. It is drought tolerant and it can withstand short mowing – as close as 7mm. Hardtop is excellent for shady areas, low maintenance and is dark green.	22.68kg	2-3kg
Sheep Fescue		SIZE	RATE 100m ²
	Sheep fescue fits perfectly on “links” style golf courses and is used mainly on roughs where it performs very well. Very high shoot density produces a dense sward. Excellent drought and heat tolerance.	22.68kg	2-3kg

I RACECOURSE RYEGRASS

T-REX Annual		SIZE	RATE 100m ²
	T-REX is a fast establishing annual ryegrass, that has superior winter and spring growth and is ideal for oversowing kikuyu racetracks! For a superior alternative to Tetila, switch to T-Rex to provide consistent results year after year.	22.68	1-2kg

I NATIVE SEEDS

Native Seeds		SIZE	RATE 100m ²
	For all your native seed needs (Wallaby grass, Kangaroo grass, Weeping grass, plus many more) please contact us for pricing and availability.		

I KENTUCKY BLUEGRASS

Barrari		SIZE	RATE 100m ²
	Barrari is named after a famous Italian sports car brand.. Why? Because Barrari seed is super quick to germinate and establish. Barrari also ranks highly in recent NTEP trials for wear tolerance.	22.68	1-2kg

SEED – TALL FESCUES

RTF (Rhizomatous Tall Fescues)		SIZE	RATE 100m ²
	RTF is a unique patented tall fescue. It is the only true Turf rhizomatous tall fescue available on the market. RTF gives added value with proven to be the best drought tolerant cool season turf grass in reduced watering trials.	22.68kg	4-5kg
Barlexas II		SIZE	RATE 100m ²
	Barlexas II is a dark green variety with a high ranking in the NTEP and ANTEP trials. Barlexas II can withstand low mowing regimes and is able to handle traffic and some shade. Barlexas II is fine leaved and very quick to establish making it an outstanding choice for playgrounds, parks, home lawns and sod production.	22.68kg	4-5kg
Bingo		SIZE	RATE 100m ²
	Bingo is a new and improved, heat/disease resistant, tall fescue variety developed for superior turf quality. It is a moderately fine textured tall fescue with excellent wear tolerance. Bingo is endophyte enhanced which provides resistance to a number of leaf and crown feeding insects and nematodes.	25kg	4-5kg
Prosper Tall Fescue		SIZE	RATE 100m ²
	Prosper winter active, summer dormant tall fescue provides unbelievable drought tolerance and persistence. With very fast establishment, and fine leaves Prosper is an excellent choice for open space areas for winter colour and summer drought tolerance.	25kg	2-3kg

SEED – OTHER

Kikuyu		SIZE	RATE 100m ²
	Turf type Whittet kikuyu is a persistent warm season grass. Whittet is a vigorous spreading grass that will retain its green colour in the absence of heavy frosts.	25kg or per kg	0.5-1kg

NUTURF AGRONOMY SERVICES DEPARTMENT

Nuturf's highly qualified Agronomy Services team provides a range of Analytical and Diagnostic Services.

The reports are available online and include recommendations based upon sound agronomic principles.
