

# NOCULATE® STARTER

# 14-7-5

BIOLOGICALLY BOOSTED GREENS GRADE FERTILISER

## APPLICATION RATE

For use either as a starter fertilizer for new turf or as a maintenance fertilizer on greens, tees and other high quality turf areas when high levels of phosphorus are needed.

Rates will vary depending on turf type and climate conditions. Use higher rates when turf nutrient requirements are high.

## GENERAL RATE

**For New Turf:** Apply 2-2.5 kg per 100m<sup>2</sup> under turf before laying. Irrigate after application.

**For Established Turf:** Apply 2-3 kg per 100m<sup>2</sup>.

Avoid applying to moist or wet turf. If unavoidable, water immediately after application to avoid spotting.

## ANALYSIS

<b>1.5%</b> Nitrogen (N) as Urea	<b>7.4%</b> PHOSPHORUS (P) as Mono Ammonium Phosphate
<b>5.5%</b> Nitrogen (N) as Ammonium	<b>5.8%</b> POTASSIUM (K) as Sulphate
<b>7.0%</b> Nitrogen (N) as Methylene Urea	<b>3.1%</b> CALCIUM (Ca) as Sulfate
<b>14.0%</b> TOTAL NITROGEN (N) (50% of total Nitrogen is slowly available)	<b>6.6%</b> SULPHUR (S) as Sulfate

**Also contains:** 8% Humic Acid, Generation Soil Wetting Agent, and Beneficial Microbes from Noculate Microbial Supplement.
