

Premium Turf Nutrition

Black label

BIOSMART

BIOLOGICAL BENEFITS OF BLACK LABEL BIOSMART

- ✓ Black Label BioSmart contains NutriPlus – A Biologically active, carbon based leonardite material, coated with active microbial additions including yeast extracts, carbohydrates, Bacillus spp., Azotobacter spp., Trichoderma spp. And Saccharomyces spp
- ✓ Increases nutrient cycling, disease suppression and water dynamics.
- ✓ Long lasting controlled and more uniform release of nitrogen and nutrients into the soil.
- ✓ Maintain a consistent growth habit whilst promoting enhanced soil microbe activity through humate application.
- ✓ Reduced loss of nitrogen and nutrients through leaching and runoff.
- ✓ Improves soil biological activity.

Black Label BioSmart has the added benefits of being enriched with NutriPLUS technology

GENERAL BENEFITS OF BLACK LABEL BIOSMART

- ✓ Black Label BioSmart is a premium turf fertiliser, formulated and blended in Australia, for use on professional turf surfaces.
- ✓ Cost-effective fertiliser that is ideal for all broadacre application situations.
- ✓ The highly durable coating resists breakage which allows for a controlled and more uniform release that maximises nitrogen and nutrient uptake.
- ✓ Safe and easy to handle and apply.
