**ERADICATE**  
SNAIL & SLUG BAIT

ERADICATE Snail & Slug Bait is a product developed by Australian Scientists to effectively kill slugs and snails without using an active which is highly toxic to mammals. When ERADICATE is eaten, snails and slugs start to lose their appetite and crawl back to shelter where they die. Paralysed or dead snails will rarely be seen in the open. Use around seedlings, potted plants, vegetables and clumps of perennials.

**HOW TO USE:** Sprinkle the pellets at a rate of 70 pellets per square metre, around plants to be protected. Apply after rain or watering.

**DO NOT PLACE PELLETS IN HEAPS.**

**NOT TO BE USED FOR ANY OTHER PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED.**

**GENERAL INSTRUCTIONS**

**CAUTION:** Store in original container. Lock in a safe place preventing access of children, animals, poultry or ducks. Keep away from dogs and other domestic pets. Dogs may find ERADICATE attractive and if consumed in large quantities it may be toxic. If your pets eat ERADICATE contact your veterinary surgeon immediately. This product contains a taste deterrent to deter consumption by children. This product DOES NOT contain Metaldehyde or Methiocarb. The active ingredient is Ferric EDTA oxo dimer (an IRON EDTA complex). DO NOT allow chemical container or product to get into drains, sewers, streams or ponds.

**STORAGE AND DISPOSAL:** Keep out of reach of children and pets. Store in the closed original container by wrapping in paper and putting in the garbage.

**SAFETY DIRECTIONS:** Wash hands after use.

**FIRST AID:** If poisoning occurs contact a doctor or the Poisons Information Centre on Tel No. 13 11 26.

**CONDITIONS OF SALE:** This product must be used in accordance with the directions. No responsibility is accepted in the respect of the use of this product except those implied by State or Federal legislation.
