

KEEP OUT OF REACH OF CHILDREN • READ SAFETY DIRECTIONS BEFORE USE

ferrotech[®]

Stimulus₈₋₁₀₋₅ + Kelpro[®]

Liquid nutritional supplement and bio-stimulant

- An NPK nutritional supplement containing a high portion of plant available phosphorus
- Ideal for use during establishment of turf or as a general maintenance fertiliser where root growth is required
- Contains 7% highly concentrated Kelpro plus zinc for an added hormonal boost to root development
- High quality low burn formulation ideal for use on both immature and established turf

CONTENTS

20L 200L 1000L

Guaranteed Minimum Analysis (W/V)

Nitrogen as Urea 8%

Phosphorous as Phosphite 10%

Potassium as Carbonate 5%

Zinc as Nitrate 1%

Kelpro Concentrate 7%

pH: 2.2 SG: 1.22

Direction for Use:

Apply as a spray application to actively growing turf and ornamental plants requiring rapid root growth. Dilute with water, using the application rate that delivers the desired level of nutrients. When nutrient demands are high, use of the rate at the upper end of the Application Rate Table are recommended. Apply in sufficient water to achieve adequate plant coverage.

Avoid mowing for 24 hours following an application.

Application Details:

Situation	Rate/100m ²	Rate/Ha	Water Volume	Comments
Turf	100mL-400mL	10L-40L	Minimum of 5L/100m ² (500L/Ha)	Apply prior to the onset of stress periods. Foliar applications are recommended when the root system is compromised by disease or nematode pressure. Repeat applications as necessary.
Establishing Stolons or Sod	100mL-200mL	10L-20L	Minimum of 5L/100m ² (500L/Ha)	Apply as a foliar application every 2-4 weeks until turf root has taken
Establishing Seed	100mL	10L	Minimum of 5L/100m ² (500L/Ha)	Apply as a foliar 4-6 weeks after germination
Landscape and Ornamental Plants	25 – 40mL	10L		Apply as a foliar spray or soil drench.

Mixing:

Fill spray vessel with half the required volume of water. Add required amount of Fertech Stimulus to the spray tank while agitating. Add remaining water to the spray tank. Continue agitating during application. Wash out spray tank, including nozzles, immediately after use.

Storage, handling & disposal:

Do not store below -5°C, as crystallisation may occur. Do not contaminate lakes, streams, dams or ponds by cleaning equipment or disposal of waste. Avoid contact with eyes and skin by wearing appropriate protective equipment, such as gloves, boots and safety goggles.

First aid:

In case of contact with eyes or skin, flush at once with large amounts of water. If irritation persists, seek medical attention. If swallowed, drink large amounts of water and induce vomiting. Seek medical attention.
