

MaxWet™

SURFACTANT

ACTIVE CONSTITUENT:

370 g/L NONYL PHENOL ETHYLENE OXIDE CONDENSATE

MaxWet is a non-ionic wetter-spreader adjuvant for use with pesticide sprays in turf situations.

Features and Benefits of MaxWet Spray Adjuvant:

- Contains a premium non-ionic wetting agent for superior wetting/spreading performance when used with a wide range of chemicals and fertilisers
- Spreads the spray solution evenly over the leaf surface to provide better results
- Increases plant uptake of systemic herbicides, insecticides and foliar nutrient sprays
- Many pesticide labels recommend the use of a non-ionic wetting agent to improve performance

Product Characteristics:

- Form: Blue Liquid
- Specific Gravity: 1.03

APVMA Approval No.: 41122/0802

SITUATION	RATE PER 100L OF SPRAY			CRITICAL COMMENTS
TURF Fungicides Insecticides Miticides	as emulsifiable concentrates	Low Volume	10 mL 20 mL	Mix pesticide according to label and dilute to final volume.
	as wettable powders	Low Volume	20 mL 40 mL	
TURF Weedicides	for selective use	Low Volume	60-70 mL 120-140 mL	Add appropriate volume of Maxwet to the full spray tank.

NOTE: Do not foliar apply during the heat of the day (> 25 DegC) when evaporation rates are at their highest. It is recommended that when foliar applying to a crop or area for the first time in combination with other chemicals, a small test area should be sprayed and observed for phytotoxicity prior to the total spray. Foliar spraying is recommended during early morning or late afternoon. Use the minimum foliar application rate on young or sensitive crops. Applying additional products in the same tank mix increases the phytotoxic risk to crops. Because climatic and soil conditions, application methods, irrigation and agricultural practices are beyond the control of Barmac and cannot be foreseen, Barmac accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product whether used in accordance with directions or not, subject to any overriding statutory provision and provided that such liability under those provisions shall be limited to the replacement of the goods as supplied or the rendering again of the services that are provided. The buyer accepts and uses this product subject to these conditions.
