

Technical Information Sheet

RENOV8 17-2-8 Greens Grade Fertiliser

Renov8 is premium greens grade fertiliser blend containing a combination of essential nutrients as well as 5% kelp extract for enhanced root development and plant vigour. Renov8 is an ideal product for use during renovation activities or as a general maintenance fertiliser throughout the growing season.

Contains 35% slowly available nitrogen as methylene urea.

Key Benefits:

- Feeds your turf with premium nutrients
- Supplies a quality bio stimulant
- Improves root development
- Enhances plant vigour
- Delivers quick recovery from renovation and stress
- Sustained feeding and colour for 6-8 weeks.
- Granule size: 100SGN
- 35% of Nitrogen present as slowly available Methylene Urea

Application Guidelines:

- Apply to dry foliage
- Water in after application with 5-6mm of irrigation
- Apply at lower rates if temperature exceeds 30°C

Application Rate	Applied Nutrients kg/100m ²		
	N	P	K
2.5-4 kg/ha	0.43-0.68	0.06-0.09	0.21-0.33

Pack size: 20kg
