DIRECTIONS FOR USE

CROP	DISEASE	RATE	CRITICAL COMMENTS
Turf	Dollar Spot (Not Tasmania, NT)	Preventative 30 mL/100m ²	Apply thoroughly on a monthly program starting immediately the disease appears.
		Curative 60 mL/100m ²	Apply thoroughly under conditions of heavy disease pressure, then treat as necessary.
	Black Helminthosporium (Qld, NSW, Tas only)	60 mL/100m ²	Use high volume equipment. Low volume may be used provided turf is irrigated thoroughly after spraying. Apply during period of turf growth on a monthly program.
	Take-all Patch (Not SA, NT)	60 mL/100m ²	Preventative only after soil fumigation with methyl bromide. Apply thoroughly, using high volume equipment, 6-8 weeks after seeding. Repeat applications (every 8 weeks in the first two years) for continued protection.
Winter Fusarium (NSW, Vic, Tas only)	60 mL/100m ²	Apply thoroughly on a monthly program from end of March until danger of infection has passed.	

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS – AGRICULTURAL CROPS FUNGICIDE RESISTANCE WARNING

Patchwork Turf Fungicide is a member of the DMI group of fungicides.

GROUP 3 FUNGICIDE

For fungicide resistance management the product is a Group 3 fungicide. Some naturally occurring individual fungi resistant to the product and other Group 3 fungicides may exist through normal genetic variability in any fungal population. The resistant individuals can eventually dominate the fungal population if these fungicides are used repeatedly. These resistant fungi will not be controlled by this product and other Group 3 fungicides, thus resulting in a reduction of efficacy.

Since the occurrence of resistant fungi is difficult to detect prior to use, Amgrow Pty Ltd accepts no liability for any losses that may result from the failure of this product to control resistant fungi.

MIXING

Add the required quantity of Patchwork Turf Fungicide to water in the spray vat while stirring or with agitators in motion.

Patchwork Turf Fungicide is a broad spectrum, systemic, foliar fungicide that is quickly taken up by plants and translocated within the plant. Patchwork Turf Fungicide provides protection on a monthly spray program and acts curatively after infection has taken place. Because of its systemic activity, Patchwork Turf Fungicide is less affected by rainfall or irrigation than contact type fungicides.

COMPATIBILITY

Patchwork Turf Fungicide is compatible with Baythroid* Turf Insecticide. The compatibilities given are based on world wide experience and are considered correct. However as changes in climatic conditions can alter the sensitivity of plants to mixtures of sprays, we accept no responsibility for the behaviour of such mixtures.

PROTECTION OF CROPS, NATIVE AND NON-TARGET PLANTS

DO NOT apply earlier than 5 weeks after sowing.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Harmful to fish. DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL

Store in the closed, original container in a dry, cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or a designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. DO NOT burn empty containers or product.

SAFETY DIRECTIONS

Will irritate the eyes and skin. Avoid contact with eyes and skin. DO NOT inhale spray mist. When preparing spray, wear cotton overalls buttoned to the neck and wrist, a washable hat, elbow-length butyl rubber gloves and goggles. If product in eyes, wash it out immediately with water. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use, wash gloves, goggles and contaminated clothing.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126.

MATERIAL SAFETY DATA SHEET

Additional information is listed in the Material Safety Data Sheet (MSDS) which can be obtained from the supplier.

CONDITIONS OF SALE: Amgrow Pty Ltd shall not be liable for any loss injury damage or death whether consequential or otherwise whatsoever or howsoever arising whether through negligence or otherwise in connection with the sale supply use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on Amgrow's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely.
