

Premier 3

Perennial Ryegrass

Added value trait

Premier 3's fast establishment and complete performance allows you to develop your stand quicker with the reassurance it will perform throughout the whole season.

Premier 3 is a third generation of the long standing Australian favourite, Premier II ryegrass.

Trialled in Australia, Premier 3 has proven excellent turf performance in independent trials conducted by John Neylan. Premier 3 was #2 performer on combined turf performance statistics, and an improvement over the original Premier II. This variety has high endophyte, deep green colour, very dense tillering and strong disease tolerance.

It is highly recommended for all highend sports use throughout Australia and New Zealand.

"Premier 3 ryegrass was amongst the best varieties for germination and seedling vigour and has been consistently amongst the top performers for turf quality and density."

"Premier 3 ryegrass has also been statistically amongst the best ryegrass cultivars for both winter and summer turf quality and density."

Turfgrass Consulting and
Research

Key features

- Big brother to Premier II
- #2 performer in independent trials (29 grasses including Mediterranean)
- Top germination speed
- Strong perennial growth habit
- Leading turf visual quality (#2 ranking for all turf quality)
- Dense continental characteristics leading to wear tolerance
- Well suited to couch or kikuyu oversowing
- Excellent disease and heat tolerance

Key benefits

- Proven wear tolerance
- Attractive deep, green colour
- Strong disease resistance
- Fast establishment
