fertech[®]

BRANDT

Contains Nurture N
technology from Brandt
Consolidated, Inc. USA.

Advance₃₅₋₀₋₀

Liquid nutritional supplement

-  A high nitrogen liquid nutritional supplement for immediate and sustained plant growth
-  Tried, tested and trusted low burn formulation made with premium ingredients
-  Contains 70% slowly available N as Brandt Nurture Liquid Methylene Urea Technology
-  Added Amino Acid package for additional plant health response

CONTENTS

20L 200L 1000L

Guaranteed Minimum Analysis (W/V)

Nitrogen as Urea 10.4%
Nitrogen as Slow Release Methylene Urea 24.6%
Total Nitrogen 35%
Amino Acids 0.5%

pH: 10 S.G: 1.32

Directions for Use:

Apply as a spray application to actively growing turf and ornamental plants. Dilute with water, using the application rate that delivers the desired level of nutrients. When nutrient demands are high, use of the rate at the upper end of the application rate table is recommended. Apply in sufficient water to achieve adequate plant coverage.

Avoid mowing for 24 hours following application.

Application Details:

Situation	Rate/100m ²	Rate/Ha	Water Volume	Comments
General turf maintenance	300mL–1.2L	30L–120L	Minimum of 5L/100m ² (500L/Ha)	Apply as a foliar spray when immediate and prolonged plant response is desired. Use the desired rate to match favoured plant response.
Bowling greens	4-20L / Standard green in a minimum of 150L of water		Minimum of 150L	For best results apply at 4-6 week intervals depending on plant requirements and growing conditions.
Landscape and ornamental plants	100mL–200mL		10L	Apply as a foliar spray or soil drench throughout the growing season.

Mixing:

Fill spray vessel with half the required volume of water. Add required amount of Fertech Advantage to the spray tank while agitating. Add remaining water to the spray tank. Continue agitating during application. Wash out spray tank, including nozzles, immediately after use.

Storage, handling & disposal:

Do not store below -5°C, as crystallisation may occur. Do not contaminate lakes, streams, dams or ponds by cleaning equipment or disposal of waste. Avoid contact with eyes and skin by wearing appropriate protective equipment, such as gloves, boots and safety goggles.

First aid:

In case of contact with eyes or skin, flush at once with large amounts of water. If irritation persists, seek medical attention. If swallowed, drink large amounts of water and induce vomiting. Seek medical attention.
