Sulfur	(S)	as Sulfate	2.9% w/w
Biuret	(-)	Maximum	0.9% w/w
Cadmium	(Cd)	Maximum	1mg/kg
Lead	(Pb)	Maximum	10mg/kg
Mercury	(Hg)	Maximum	1.0mg/kg

Product Information

This product should not be stored in a silo.

This is a blended fertiliser in which some segregation of the ingredients may occur, and may lead to some variation from the stated analysis.

HEAVY METALS: Use of this product may result in Mercury residues in excess of the Maximum Level specified by the Australia New Zealand Food Standards Code in plant and animal products and may also result in accumulation of these residues in soils.

DIRECTIONS FOR USE: A NKS fertiliser blend, mainly used for top-dressing improved grass pastures and forage crops. Best results are achieved if applied before rain or irrigating. This product is not suitable as a stockfeed supplement or for application in solution, ie. dissolved in irrigation water, water injection equipment or as a foliar spray.

Should this product not meet your expectations, please contact your fertiliser supplier before use. Before using fertiliser seek appropriate agronomic advice. Fertiliser may burn and/or damage pasture and crops, and affect the health of grazing animals. Avoid direct ingestion by livestock. Because climatic and soil conditions, application methods, irrigation, agricultural and grazing management practices are beyond the control of Incitec Pivot Limited and cannot be foreseen, Incitec Pivot Limited accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product whether used in accordance with directions or not, subject to any overriding statutory provision and provided that such liability under those provisions shall be limited to the replacement of the goods as supplied or the rendering again of the services that are provided. The buyer accepts and uses this product subject to these conditions.

SAFETY DIRECTIONS: Avoid ingestion and inhaling product. Avoid contact with the eyes and skin. Wash hands after use.

CARE OF EQUIPMENT: This product can be corrosive to metals. Clean equipment after use, and follow manufacturer`s maintenance advice.
