A unique combination of amino acids derived from enzymatically digested plant protein, Vitamin B1 for improved root growth and disease resistance and plant growth promoters for optimising plant response in times of stress.

GUARANTEED MINIMUM ANALYSIS Wt/Vol:
Total Organic Nitrogen: 2.89%
Total Amino Acids: 20%
Total Free Amino Acids: 10.75%
Vitamin B1: 1.125g/L
Plant Growth Promoters: 0.075g/L

FoliMAX AMINO+

AMINO ACIDS, GROWTH PROMOTERS & VITAMIN B1

DIRECTIONS FOR USE:

Apply as a spray application during the growing season on all turf grasses and most landscape plants. Dilute with water, using the desired situation according to the application rate chart. Apply in sufficient water to achieve adequate plant coverage. Use a water volume of 5-15L per 100m², depending on the application rate. Avoid mowing for 24 hours following an application. For soil targeted applications irrigate with 3-6mm immediately after the treatment has been applied.

Situation	Rate	Comments
Foliar Application	10 – 20 L/ha	Apply as a spray application during the growing season on all turf grasses and most landscape plants.
Soil Application	10 – 20 L/ha	Irrigate with 3-6mm immediately after the treatment has been applied.
Fertigation	2 – 10 L/ha	Use Amino + at 2 L/ha as a chelation agent or up to 10 L/ha as a natural fertility source.
Seedlings	5 mL/L	Apply Amino + upon seedling emergence and then apply as often as necessary.
Landscape / Ornamental Plants	5 mL/L	Apply to foliage at approximately 21 day intervals based on plant growth, colour and need.

WARNING: DO NOT GRAZE. Must not be applied to areas that may be grazed by animals. Not for use on/around food or animal feed crops.

MIXING:

Fill spray vessel with half the required volume of water. Shake container of Amino+ and add required amount to spray tank while agitating. Add remaining water to the spray tank. Continue agitating during application. Wash out spray tank, including nozzles, immediately after use.

STORAGE, HANDLING & DISPOSAL:

Do not store below -16C, as crystallisation may occur. Do not contaminate lakes, streams, dams or ponds by cleaning equipment or disposal of waste. Avoid contact

with eyes and skin by wearing appropriate protective equipment, such as gloves, boots and safety goggles.

FIRST AID:

In case of contact with eyes or skin, flush at once with large amounts of water. If irritation persists, seek medical attention. If swallowed, drink large amounts of water and induce vomiting. Seek medical attention.

CONDITIONS OF SALE:

Nuturf shall not be liable for any loss, injury damage or death whether consequential or otherwise whatsoever, or howsoever arising whether through negligence or otherwise in connection with the sole, supply, use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on Nuturf's skill or judgement in purchasing or using the same and every person dealing with this product does so at their own risk absolutely.
