Unit B2A, 3-29 Birnie Avenue, Lidcombe NSW 2141 • TELEPHONE: 1800 631 008

CONTENTS

## 20 Litres

**DIRECTIONS FOR USE****Restraints:**

NOT for use in natural water bodies or streams where it will reach natural water bodies.

DO NOT use in dams holding water for humans.

SITUATION	WEEDS CONTROLLED	RATE	CRITICAL COMMENTS
Golf course dams and lakes Minor water impoundments Ornamental lakes	Salvinia Red Azolia Lemna	Mix one part product with 100 parts water. Spray onto free-floating plants lightly, just enough to change their normal colour.	Avoid a single heavy application; instead apply several light applications over a 1-3 week period. Apply when weed infestation is small rather than advanced. DO NOT spray dense solid mats of Salvinia with no visible water surface. Where possible apply directly to the target weeds and avoid spraying water where weeds are not present. DO NOT overspray more than 0.5 m into open water. If weed growth is heavy, mechanical removal prior to spraying must be used to minimise the amount of spraying necessary and reduce the risk of eutrophication. Water bodies with an average depth of less than 1 metre should not be treated.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL, UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.****GENERAL INSTRUCTIONS**

Application should be made by means of hand held spray equipment such as back pack sprayers, hand held pressurised spray guns, applying the spray directly to the surface of the weed infestation. The spray should be applied as closely to the weed infestation as possible and to minimise spray drift, the droplet size applied should be coarse droplets in the range of 150-399 UM VMD.

**PROTECTION OF LIVESTOCK, WILDLIFE AND ENVIRONMENT**

DO NOT contaminate streams, rivers and waterways with the chemical or used containers. Inappropriate use of this product and dosages higher than recommended may harm fish and other aquatic animals. Use strictly to recommended dosage rate and report any incidents of potential harm to the supplier.

**STORAGE & DISPOSAL**

KEEP OUT OF REACH OF CHILDREN. Store in the closed original container in a well-ventilated area away from children, animals, food, foodstuffs, seeds and fertilisers. Dispose of excess spray solutions and empty containers by burial at an approved disposal site. Triple rinse empty containers adding rinse water to the spray tank. Puncture top, bottom and sides of empty container, then crush and bury in an approved landfill, or bury under at least 500 mm of soil in a non-crop, non-pasture area away from water sources or homes. Empty containers and product should not be burnt.

**SAFETY DIRECTIONS**

May irritate the eyes and skin. Avoid contact with eyes and skin. Repeated exposure may cause allergic disorders. Sensitive workers should use protective clothing. When opening the container and preparing spray, wear elbow-length PVC gloves. Wash hands after use. After each day's use wash gloves.

**FIRST AID**

If poisoning occurs contact a doctor or Poisons Information Centre. Phone Australia 131126.

**MATERIAL SAFETY DATA SHEET**

Additional information is listed in the Material Safety Data Sheet (MSDS) which can be obtained from the supplier.
